[Kentucky Youth Advocates](#)

DEFINITION

The estimated percentage of the total population that is under 18 years of age.

DATA SOURCE

U.S. Census Bureau, Population Division, Population Estimates. Data for 2010-2014 derive from the 2014 vintage, 2015 estimates onward derive from the given year's vintage.

NOTES

Each year the U.S. Census Bureau revises their post-decennial Census estimates. Therefore, data presented here may differ from previously published estimates.

Woodford	Number	762	373	408	376	365

Definition and Source

PROVIDER

Kentucky Youth Advocates

DEFINITION

Average monthly number of infants and children up to age 5 served by the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC).

DATA SOURCE

Kentucky Cabinet for Health & Family Services, Dept. for Public Health

NOTES

In 2009, Barren, Butler, Edmonson, Logan, Metcalfe, Simpson, and Warren Counties only had 7 months of data available, Hart County only had 8 months of data available, and Monroe County only had 9 months of data available. Beginning with 2011 data, the count for Jefferson County includes infants and children receiving WIC through UofL Pediatrics Downtown (formerly Child & Youth Project). From 2011-2013, the state sum does not equal the sum of counties due to the inclusion of participants from the Park DuValle Community Health Center.

Definition and Source**PROVIDER**

[Kentucky Youth Advocates](#)

DEFINITION

Total number of children receiving childcare subsidies.

DATA SOURCE

Kentucky Cabinet for Health and Family Services, Division of Child Care.

NOTES

Data reflect count in given fiscal year. If a child was cared for by both a licensed center and a licensed home during the fiscal year, he/she will be counted twice. Children may also appear in the count for

more than one county, if they moved between counties during the fiscal year and received childcare subsidies in each location. Statewide totals for 2013-2015 reflect given county summation, which exclude counties that were suppressed by the source. Counts are suppressed for fewer than 10.

DEFINITION

Children in foster care by race-ethnicity is the number of children under age 18 per 1,000 children in this age group who lived in foster care due to abuse or neglect. Foster care includes placements in homes with relatives or unrelated caregivers, or institutional placements such as group homes or residential treatment facilities. Data are collected to reflect the county of the case manager's office, which usually corresponds with the county in which a family is being served. The numerator for the rate calculation is the summation of the three-year time period. The denominator for the rate calculation is the population estimate for the midpoint year of the three-year time period.

DATA SOURCE

Kentucky Cabinet for Health and Family Services, Department for Community Based Services. Child population data for rate calculation is from the U.S. Census Bureau, Population Division, processed by Kentucky Youth Advocates.

Definition and Source

PROVIDER

[Kentucky Youth Advocates](#)

DEFINITION

Number and percent of Kentucky children enrolled in Medicaid or the Kentucky Children’s Health Insurance Program (KCHIP) who received any dental care.

DATA SOURCE

Kentucky Cabinet for Health and Family Services, Department for Medicaid Services.

NOTES

Data refer to the total number of children (up to age of 20) receiving dental services that were enrolled in Medicaid or KCHIP, including the Passport region. A child may be counted in more than one county if they moved to a different county during the year. Prior to 2014, the statewide total is derived from the county sum. Beginning in 2014, the statewide total reflects unique members.

Definition and Source

PROVIDER

[Kentucky Youth Advocates](#)

DEFINITION

Public offenses reflect the number of youth, and rate per 10,000 youth ages 10-19, charged with an offense that would be a crime if committed by an adult. Status offenses reflect the number of youth, and rate per 10,000 youth ages 10-19, charged with an offense that would *not* be a crime if committed by an adult.

DATA SOURCE

Administrative Office of the Courts, Court Designated Worker database. Number of children for rate calculations provided by Kentucky Population Research at the University of Louisville Urban Studies Institute and the National Center for Health Statistics.

NOTES

Data do not include all charges added by the court after cases begin the formal court process. Counts reflect unique youth referrals, rather than all charges associated with a unique referral. Youth who received charges in more than one county will be counted in each of those counties' totals.

S = Number is suppressed for fewer than 6 occurrences.

LNE = Low number event; rates were not calculated for counties with fewer than 6 occurrences.

Kentucky	Number	794	586	495	366	323
Adair	Number	3	1	2	2	0
Woodford	Number	0	1	1	0	0

Definition and Source

PROVIDER

[Kentucky Youth Advocates](#)

DEFINITION

Number of youth detained in a secure juvenile detention center in Kentucky due to a status offense. Status offenses are youth misbehavior that is not criminal. In Kentucky these acts include skipping or being late for school, running away from home, being beyond control of parents/guardians or school, possessing alcohol or purchasing tobacco.

DATA SOURCE

Kentucky Department of Juvenile Justice and Louisville Metro Youth Detention Services.

NOTES

Youth detained counts youth each time they are booked into a facility. Youth may be counted more than once in the statewide total if detained multiple times during the year. Detentions for out-of-state youth are not included in the statewide total. The county summation for a given year may not equal the statewide total due to missing county information. Count includes unique bookings for court-related (i.e. contempt of court) charges on underlying status offenses in which no public offense was associated with the booking.

S = Number suppressed if fewer than 6 events.

Percent Of Children In Foster Care In Foster Homes (Percent)

Location	Data Type	2014	2015	2016	2017	2018
Kentucky	Percent	74%	73%	71%	67%	61%
Adair	Percent	79%	83%	84%	77%	64%
Woodford	Percent	58%	67%	70%	56%	53%

Definition and Source

PROVIDER

[Kentucky Youth Advocates](#)

DEFINITION

Percent of all children in foster care placed in Dept. for Community Based Services or private foster homes, as opposed to institutional placements such as groups homes and residential treatment facilities.

DATA SOURCE

Kentucky Cabinet for Health & Family Services, Dept. for Community Based Services

NOTES

For children who had more than one placement in foster care during the reported year, only the first placement type is reported. Some child victims are directly placed into the custody of relatives by the courts without first entering the foster care system; the figures here underestimate placements with relatives. Other placements for children, such as hospitals, are not reflected in this data.

** = County had no children in foster care.

S= Suppressed for fewer than 6 children.
